

Community Meeting

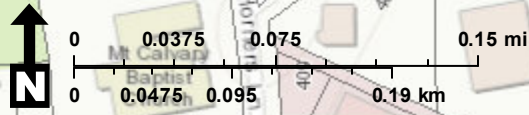

Southlawn Lane Sidewalk Project

- Project Description:** The Southlawn Lane Sidewalk project, which is part of the city's Capital Improvements Program, proposes to install sidewalk along Southlawn Lane to complete a missing sidewalk link between East Gude Drive and the eastern leg of Lofstrand Lane (see attached map). Installing a sidewalk will provide the only pedestrian connection between these roads, increasing pedestrian accessibility to area businesses, and greatly enhancing safety. The project includes sidewalk, stormwater management facilities, curb and gutter, pavement repairs, and associated storm drain upgrades.
- A design consultant has prepared plans showing the alignment of the new sidewalk. City staff has reviewed the plans and is prepared to discuss the findings with nearby neighbors.
- Date, Time, and Location of Meeting:** Please join us from **6:30 to 8:00 p.m. on Wednesday, Aug. 2**, in the all-purpose room of the Lincoln Park Community Center located at 357 Frederick Ave. City staff will present concept plans and explain the benefits and impacts associated. Please stop by at any point to learn more about the project.
- Project Location:** Southlawn Lane between East Gude Drive and the eastern leg of Lofstrand Lane.
- Next Steps:** Based on input at the community meeting, city staff will work with the consultant to finalize construction plans for the proposed sidewalk. The final plans will be used to bid the project for construction.
- Timeline:** Construction is anticipated to take place in spring 2018.
- Cost:** Design Cost: \$234,390.
- Contact:** Gregory Lyons, Rockville Project Manager, 240-314-8506 or glyons@rockvillemd.gov
