7:30—Meeting will come to order

- **Welcome** – Deborah Landau
- **Police Report**—Lt. Andy Crawford, Rockville City Police
- **City Report**—Hjarman Cordero
- **Treasurer’s Report**—Kashi Way
- **Guest Speakers** – Curious about "natural" gas (methane) and how it affects our lives and environment? How much nitrogen dioxide does your gas range produce? East Rockville resident Alex Bell will be discussing how to measure gas and nitrogen dioxide leaks in our neighborhoods and our homes. She will demonstrate measurement tools and offer a sign-up for her to come to your home and measure, as part of an effort to create citizen science data to see the actual effects of gas appliances in our homes.
