The following precautions are still in place as we move forward.

- **Maintain social distancing by keeping 6 feet of space between you and others.**
- **Wash your hands** often with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose, coughing, or sneezing.
- If soap and water are not readily available, **use a hand sanitizer that contains at least 60% alcohol**. Cover all surfaces of your hands and rub them together until they feel dry.
- **Avoid touching your eyes, nose, and mouth** with unwashed hands.
- **Avoid close contact** with anyone who is sick.

We recognize that everyone is eager for life to return to normal following the coronavirus, but it is important to exercise caution and recognize this process will take time and a collective effort as a community to reach this goal.
