

## **POLICE CRIME REPORT**

September 21, 2020 to September 27, 2020

---

### **Weekly Public Safety Information**

#### **National Crime Prevention Month: Counterfeit Products**

##### **THE PROBLEM WITH FAKES**

Counterfeits aren't generic brands. They're cheap imitations of brands we trust. In addition to funding criminal enterprises, counterfeit scams drain the economy, cost Americans real jobs, hurt businesses, and dupe consumers. As if that weren't enough, certain fakes, such as faulty electronics, cause over 70 deaths and 350,000 serious injuries every year. ...So why risk it? #GoForReal and buy from brands you trust.

##### **DON'T BE A VICTIM ...OR CRIMINAL**

International organized criminals are turning to counterfeiting to fund their other illegal activities like gun and gang violence, child labor, and human trafficking. The more you know, the less likely you are to support these criminals or get hurt by fake goods.

##### **WHY DO SHOPPERS BUY FAKE?**

Most people want to find the best deal shopping, especially when they can easily compare prices online. Little do they know, they could end up paying twice because of shoddy goods. They could even pay with their lives in the case of electrical fires if what they bought is counterfeit. Sanctioned brands are indicators of quality and reliability. When you buy real, you support the brands that invest in research and development to make quality goods. You might just save your own life.

##### **FAKES CAUSE REAL HARM**

From catching fire to causing skin rashes, fake products can cause real harm. Find out what kind of dangers YOU could face if you buy counterfeits like the ones below.
