### **Winter Safety and Preparedness Tips**

***Winter is coming!*** While winter doesn't officially begin until December 21st, now is the time to prepare for the upcoming seasonal change. Did you know that the average date for the first measurable snowfall in the Rockville area is December 10th? Plan and stock up on supplies now rather than rushing to the store hours before the storm, only to find the shelves empty and stuck without the supplies you need. With the ongoing Coronavirus pandemic causing an additional shortage of supplies, taking the time now to create a stockpile of non-perishable foods and water, generators and batteries, winter clothing gear such as coats and snow boots, and snow clearing material such as shovels and car snow scrapers will help you remain ready for when the first snowfall comes to the area.
