POLICE CRIME REPORT

PROTECT YOUR GIFTS FROM PACKAGE THEFT

Between the COVID-19 pandemic and the continued expansion of online commerce, package theft may reach an all-time high this season. Protect your gifts with these tips:

Track deliveries online and confirm delivery has occurred. You can find shipping updates by simply entering a tracking ID into the Google search bar.

Ask a neighbor or family member to retrieve packages immediately upon delivery.

Switch the delivery location to work if you're working outside the home during the day.

Ask your shipping service to hold the package for pickup. The US Post Office will allow your package to remain safe for up to 30 days.

Ship to a package locker. [Click here to find an Amazon Hub locker](#), easy-to-use lockers in public areas that you may ship to and pickup from.

Shop online and pickup in-store. Major retailers now encourage in-store pickup and curbside delivery.

Consider purchasing a doorbell camera. Arrests for package theft are more common than you may think, and doorbell cameras are a useful way to intercept a thief in-the-act and prosecute offenders them upon arrest.
