POLICE CRIME REPORT

GIVE TRUCKS & BUSES SPACE FOR WIDE TURNS

Next time you encounter a truck or bus at an intersection, remember: **Trucks and buses have large blind spots and need extra room to swing-wide for a turn.** Be ready with these tips:

Never try to squeeze-by between the curb and a truck or bus with its turn-signal on

To avoid a dangerous and costly collision with a truck or bus, **don't 'block the box' in an intersection** by remaining past the stop-line as traffic is moving

Remain fully behind or fully in-front of a truck or bus for 1 lane on its left or 2 lanes on its right

Don't closely cut into a truck's or a bus's lane: trucks and busses need 40% more time than a car to stop and, moving about 65 mph, require up to 2 football fields of distance
