POLICE CRIME REPORT

BICYCLE SAFETY

As the weather warms, cyclists of all ages take to our local streets. Don't forget: bicycles are vehicles and include all the same dangers that cars do. Protect yourself and your children with a few easy tips:

- To protect their brain and potentially save their lives. **Montgomery County law requires that children 18 years old and younger wear a helmet** while riding or being carried on a bicycle, including those with training wheels.
- To be detected by motorists, **bicycles must be equipped with a red reflector** the rear, a **white reflector** to the front, a **bell** or other noise-producing device (excluding sirens or whistles), as well as a **braking device**.
- **Avoid riding a bicycle at night**. If you must, the law requires a white headlight on the front and a red light on the back.
- **Tires should always be properly inflated** to maintain cyclist control.
- A bicycle **may not carry any passenger** unless it is designed for and equipped with a seat.
